

# PRIOR DE CASTILLA

## Young red wine

GRAPE VARIETY: **SYRAH**

GEOGRAPHICAL INDICATION: **VINO DE LA TIERRA DE CASTILLA**

## WINE MAKING

This wine comes from the Syrah grape variety organically grown, which ensures a maximum control over the grapes. The vineyard is traditionally farmed under the sun of the Spanish region of La Mancha. When the ripening process of the grapes comes to its end, they are harvested. Eventually, the wine will be macerated and fermented at controlled temperature in stainless steel tanks. This allows the extraction of all its fruity aromas.

## TASTING NOTE

Its brilliant dark red colour reminds of ripe red fruit. Very good on the palate: smooth, warm, medium-bodied wine with the correct acidity and soft and round attack.
